CHEMISTRY+BIOLOGY 09:00-11:00

For each topic, the theory will be taught in a lecture-like format. Students are expected to answer questions related to the theory and participate in group discussions. Topics are:

- Week 1: organic chemistry, physical chemistry, Inorganic chemistry & analytical chemistry
- Week 2: evolution and behaviour, genetics, biodiversity, cells, and diseases.

DEBATING 11:15-12:15

British Parliamentary style debate is one of the most popular debating formats. It was first used by British universities but has been widely adopted by universities around the world. Our debating classes are fun, engaging and competitive. You will be surprised how quickly you grasp the format, improve your critical thinking skills, and articulate your ideas strategically. The great benefits of debating are consolidating the confidence to speak in public, honing your ability to construct logical arguments and perfecting the art of persuading your audience.

BRITISH CULTURE & HISTORY 12:30-13:30

The online enrichment courses on British Culture & History aim to bring a bit of Britishness your way. Our approach is fun, informal and interactive. You will be given a chance to ask questions at the end of, and sometimes during, each session. Topics are:

Music, Family life, British Food, Do's and Don'ts, The UK explained - England, GB, UK, Diversity in historical context, Diversity today, How English is really spoken in the UK, University life in the UK

UNIVERSITY ADMISSION TALKS 14:00-15:00

Delivered by recruitment officers from the UK's universities, you will gain a first-hand insight into applying and studying at the participating universities.
